WITH LOVE AND CARE.

We love the planet as much as you do, and we want to leave it more beautiful for the next generation. Sustainability is in our nature, and in our products; We are committed to becoming 100% circular in all our designs. It's ambitious, but nothing worthwhile is ever easy.

www.brabantia.com/circular-design

As of February 2023, Brabantia proudly holds the title of B Corp. B Corps, short for Benefit Corporations, are companies recognised for their positive impact on people and the environment. This certification serves as a meaningful acknowledgment of our ongoing efforts, and it aligns nicely with our goal of transitioning to 100% circular design by 2035.

CRADLE TO CRADLE

More than 700 Brabantia products have already received the Cradle to Cradle® certification at Bronze or Silver level. And we want to do better every year.

The Cradle to Cradle Institute assesses products on material health, product circularity, clean air and climate protection,

water and soil stewardship and social fairness. The certificates are reviewed every two years. In order to keep the C2C certificates, we continuously try to improve our products on these points.

FAIRTRADE COTTON

All of the cotton in our Ironing Board Covers is Fairtrade certified, traded, audited and sourced from Fairtrade producers. The strict Fairtrade standards are designed to ensure farmers and workers are all safe, have good working conditions and are treated fairly. With producer networks in Asia, Africa and Latin America, it also serves to protect the environment where Fairtrade cotton is grown. Choosing Fairtrade cotton for our ironing board covers is yet another step towards a fairer, more sustainable, and ethical world.

3 MILLION TREES

With our rotary dryers and drying racks we support WeForest to fulfill its mission – restoring forests for a better climate and planet. Together we are growing more than 3 million trees in Africa. Let's plant even more!

100% FAIRTRADE COVERS

NEW. All of the cotton in our Ironing Board Covers is Fairtrade certified, traded, audited and sourced from Fairtrade producers. The strict Fairtrade standards are designed to ensure farmers and workers are all safe, have good working conditions and are treated fairly – especially those in Asia, Africa and Latin-America. Let's choose today for a fair tomorrow!

See page 66

AIR BEFORE YOU WEAR

NEW. Brabantia has added another nifty item to its laundry care line: the Brabantia Clothes Hook with Suction Cup. This removable hook is designed to air garments between use whenever and wherever you may be. It sticks to all smooth surfaces like glass, doors, mirrors and tiles. With three holes for hangers, it can hold up to 2kg too - that's no sweat for this handy little device!

See page 65

WING THAT LAUNDRY

The HangOn Drying Rack is available in 5 sizes for drying laundry anywhere in the house. With smart loops for clothes hangers, this freestanding airer is great for drying shirts and blouses, with a flat-drying platform for small items too. All sustainably made and proudly supporting WeForest.
